Prof. Michael Marsden,
Dept. of Geography,
S.G.W.U.,
Montreal, Que.

Dear Prof. Marsden:

I take exception to your statement in Sir George Williams University, "Issues and Events", I(6): 1969, that SGWAUT was "vocal" in the charges against myself.

The evidence and impressions which I have gathered re: SGWAUT's activities of last year indicate that SGWAUT primarily avoided involvement in my "Affair" and opted, by its virtual silence, to support the position of the Administration.

It is upsetting enough not to have had the assistance of the Faculty's Union last year, let alone for you and yours to alter this fact in the hope of justifying your existence this year.

Yours very truly,

Perry D. Anderson,
Asst. Professor,
Dept. of Biological Sciences.
